LinkedIn: www.linkedin.com/in/prithvi-dev-singh-177aa5293

PROFILE SUMMARY

Computer Science Engineering undergraduate with a strong foundation in Python, Java, C/C++, web technologies, databases, and software development. Hands-on exposure through a Python Full-Stack internship, AI-focused learning programs, and leadership experience as a Google Gemini Campus Ambassador. Passionate about Artificial Intelligence, Data Analytics, Full-Stack Development, and building practical technology solutions.

EDUCATION

Bachelor of Technology (Computer Science Engineering) | 2023 – Present
Shri Ramswaroop Memorial College of Engineering and Management (SRMCEM)

Class XII (ISC) – City Montessori School, Lucknow
Class X (ICSE) – City Montessori School, Lucknow

WORK EXPERIENCE

Python Full-Stack Intern | Shri Ramswaroop Digital Technologies Pvt. Ltd.

- Worked on Python-based development tasks and gained exposure to full-stack application development.
- Applied programming, debugging, database, and software development concepts in practical assignments.
- Collaborated on project activities while strengthening problem-solving and development skills.

Campus Ambassador | Google Gemini Program

- Promoted awareness of Generative AI technologies among students and peers.
- Supported community engagement, learning initiatives, and AI-focused discussions.
- Represented the program within the campus technology ecosystem.

PROJECTS

Python & Software Development Projects

Developed academic and practice-based applications using Python and object-oriented programming concepts, focusing on logic building, debugging, and software design principles.

Web Development Projects

Created responsive web applications using HTML, CSS, JavaScript, and database integration concepts while following structured software development practices.

Database Management Assignments

Designed and implemented database-driven solutions using MySQL to understand data storage, querying, and management workflows.

SKILLS

TECHNICAL SKILLS – Python | Java | C/C++ | HTML | CSS | JavaScript | MySQL | Git | VS Code | Object-Oriented Programming (OOP) | SDLC | Database Management | Artificial Intelligence Fundamentals | Data Analytics Fundamentals

TOOLS – MS Excel | MS Word | MS PowerPoint | Canva

SOFT SKILLS – Leadership | Team Management | Communication | Collaboration | Problem Solving | Multitasking

CERTIFICATIONS & ACHIEVEMENTS

- Google Gemini Campus Ambassador
- IBM PBEL Virtual Internship – Artificial Intelligence
- Deloitte Technology Job Simulation
- Deloitte Cyber Job Simulation
- Goldman Sachs Operations Job Simulation
- GUVI | HCL Python Certification

- Tata Data Visualisation: Empowering Business with Effective Insights
- Tata GenAI Powered Data Analytics Job Simulation
